ADMINISTRATION 124

Remember the first day of school. You immediately began seeing old friends that you hadn't seen all summer. There were new teachers too and a new principal. We started 1967 with Mr. John H. Bonam as our new high school principal. We were also fortunate to have Rosel Schunemann, from Solingen, Germany, as our foreign exchange student. Greg Vasko was our Student Council President. By October the football season was in full swing and Teresa Flynn was elected 1967 Homecoming Queen by the student body. Our football team was second in N.W.O.A.L. competition but to us they were still number one. At the Winter Sports Banquet Bob Stinson received the Most Valuable Award for football and John Purdy received the award for basketball. Richard Born stoled the show in "We Shook the Family Tree," which was presented by the junior class in November. In February the High School Band presented a mid-winter concert and the art classes displayed their works at this event. It was an outstanding performance by both departments. March 18 was the date for the senior class play and "Strictly Formal" starred Marilyn Hoffman, Becci Bowman, Rick Parkins, and Phil Witker. An 'Enchanted Forest' was the setting for the Junior-Senior Prom. A happy couple at the event was Larry Griggs and Becci Bowman as they were crowned King and Queen of the Prom. The Spring Concert was May 4th and all the divisions of the music department were presented. Each group gave a fine performance. And Graduation. Susan Vaughn was valedictorian and Sue Loch was salutatorian. It was a time of good-byes. Perhaps the person who will be missed the most is Mr. Runnels. After 35 years of service to education, he resigned. In these extracurricular activities, as well as the duties of each day, no man can be an island.

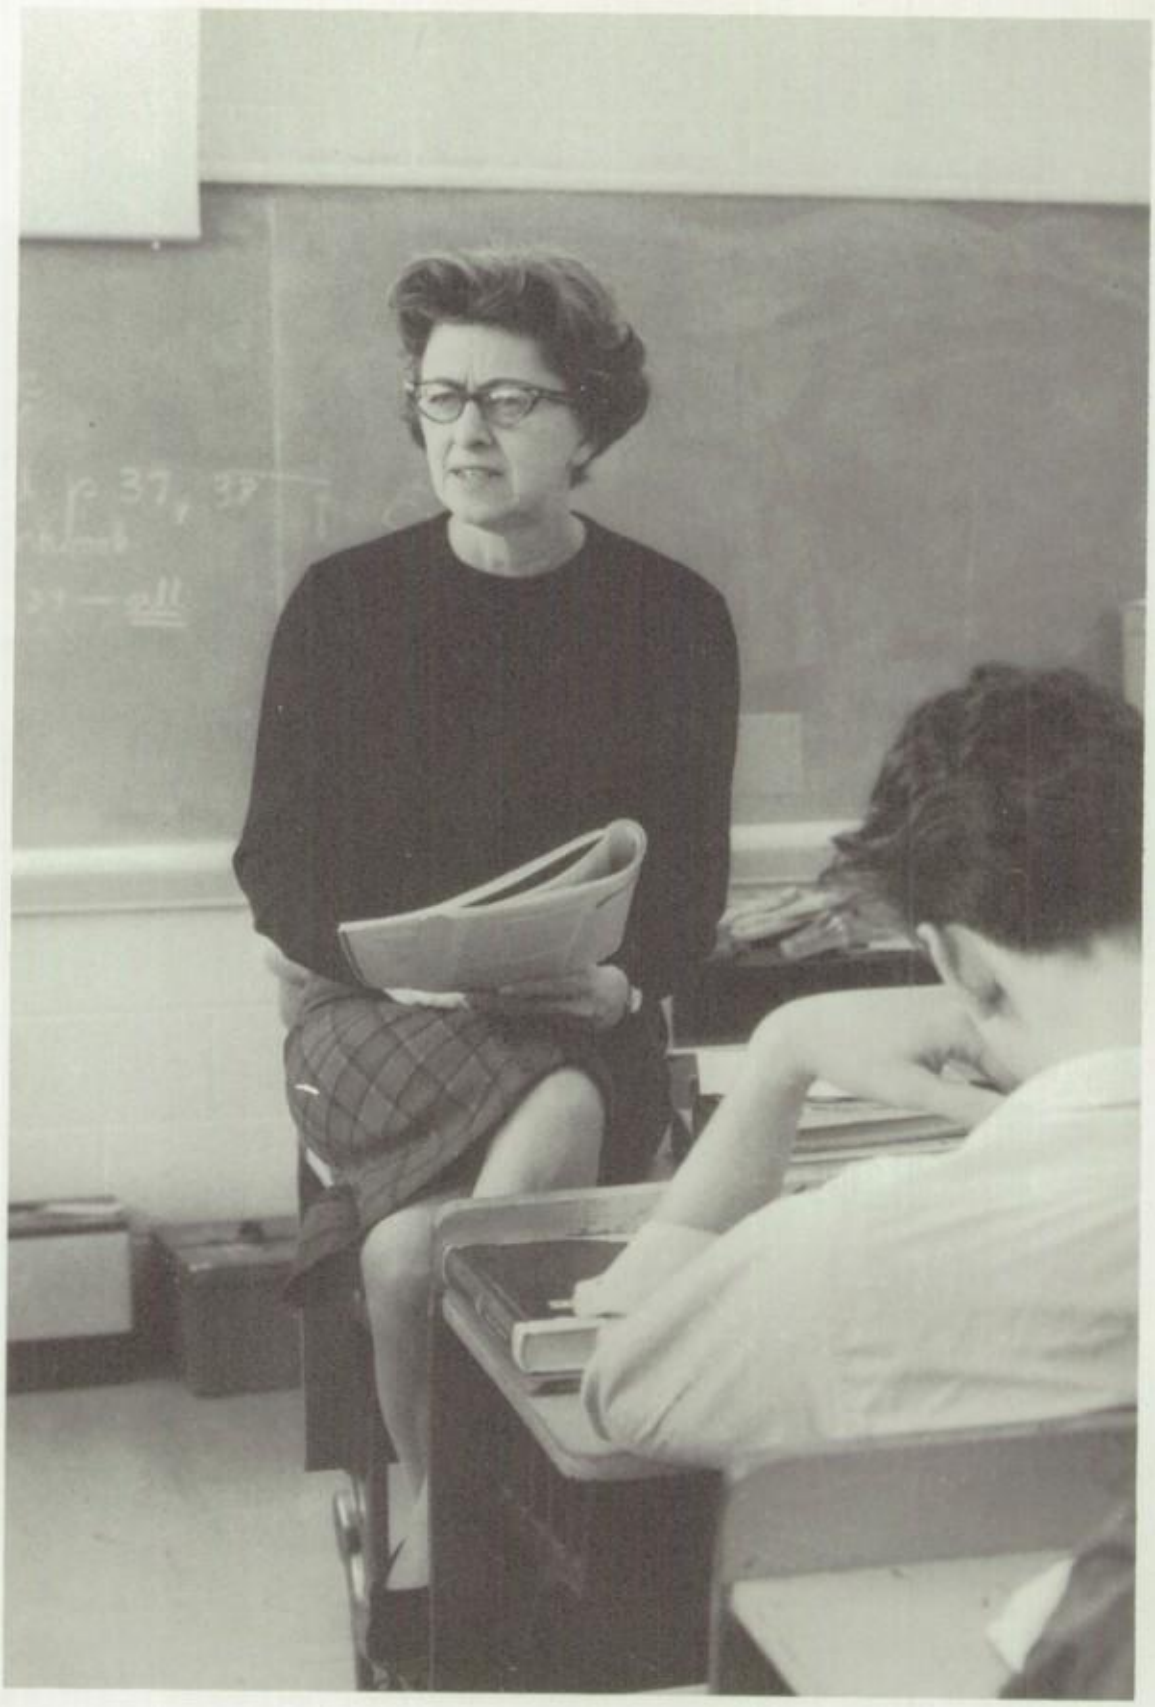
ACADEMICS

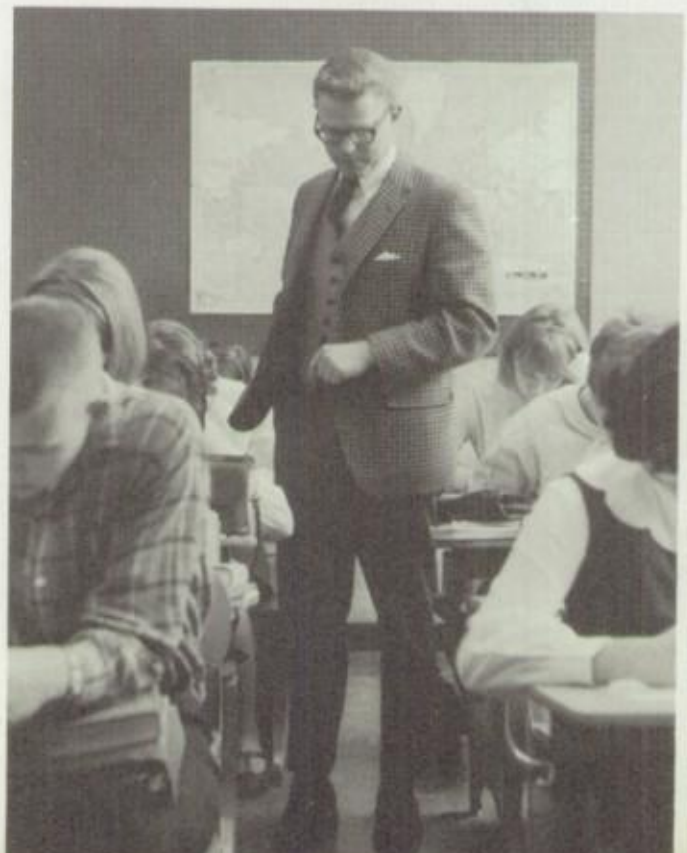
LANGUAGES

Brigitte R. Thomas



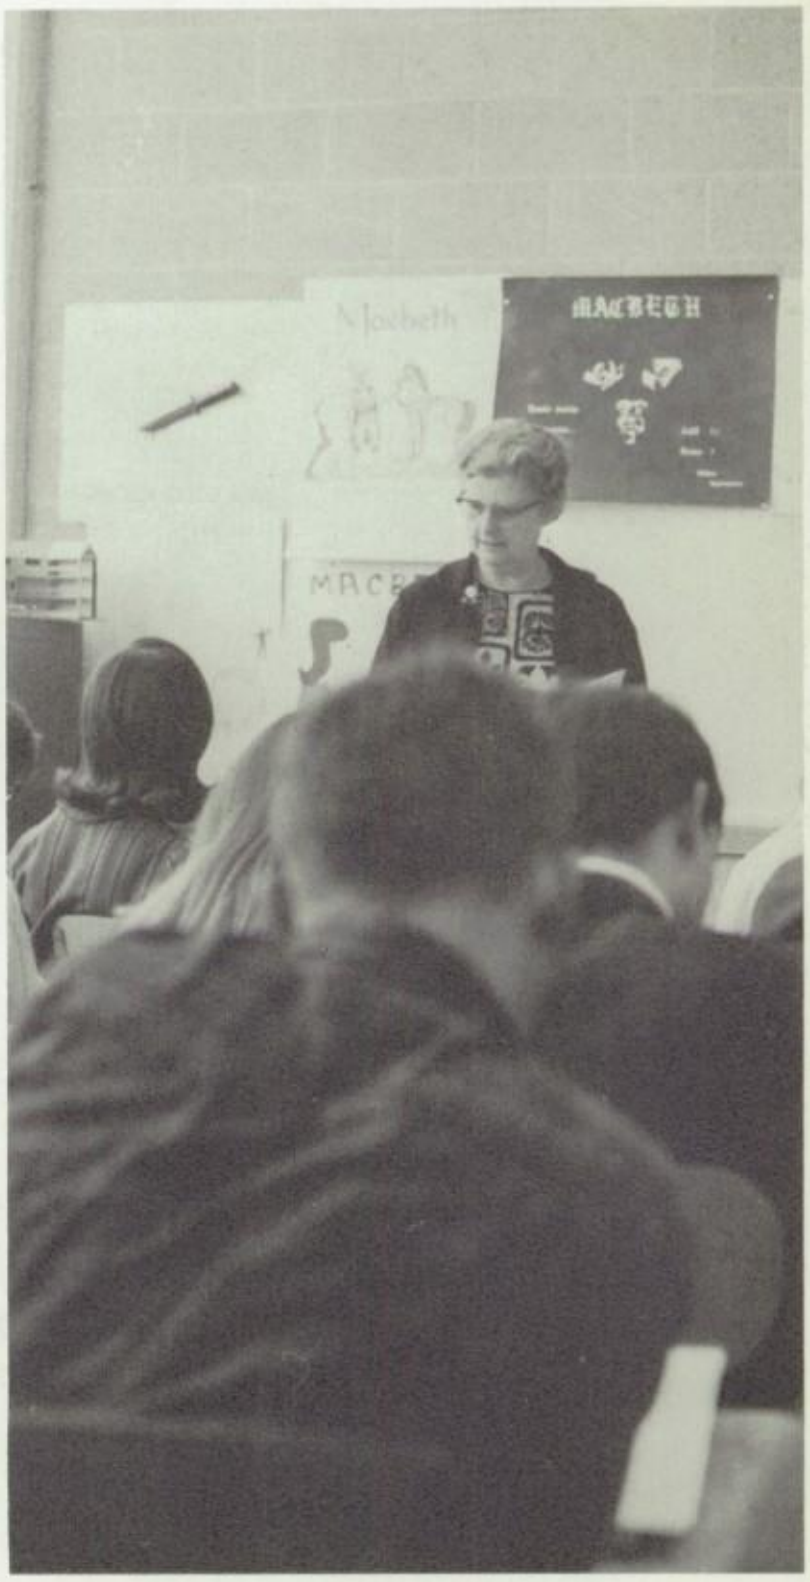
Mrs. Brigitte Thomas, who now teaches French I and II and Junior English, attended Milligan College, Tennessee, University of Toledo, and Bowling Green State University. She rented the films "A Tale of Two Cities" and "Anna Karina" to aid her in teaching this year.

Freshmen English teacher, Mrs. Irene Sagert, earned her B.S. degree in education at Ohio State University.

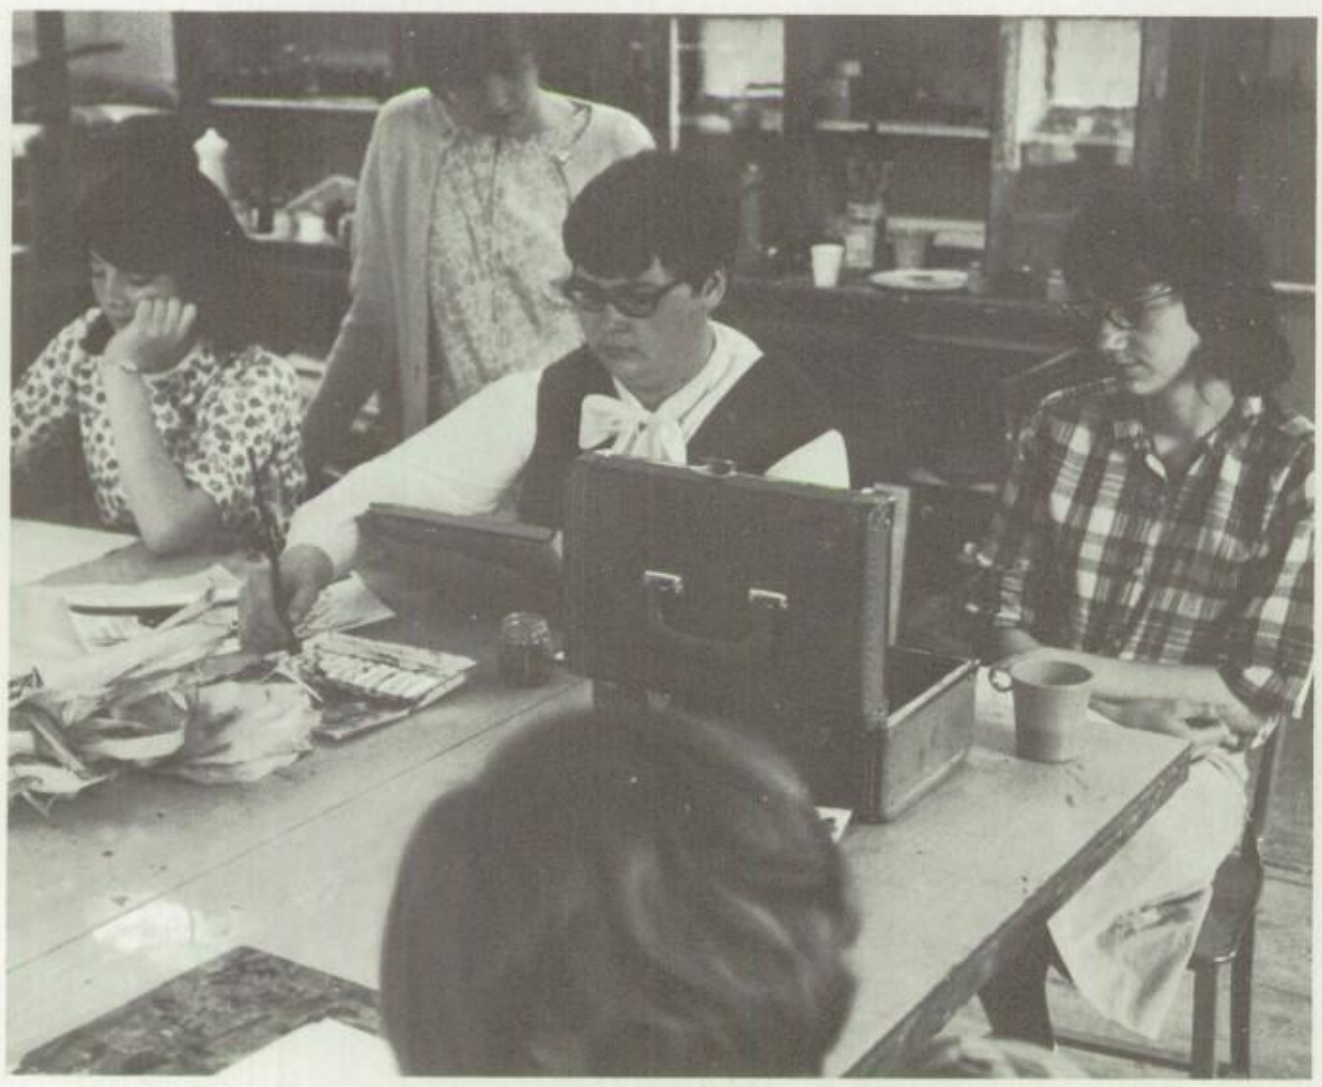


St. Louis University, St. Louis, Missouri, is the alma mater of Mrs. Paige Zyromski. She achieved her B. A. and M. A. degrees and now instructs Latin I and II, Advanced Latin, and Senior English.

B. A. and M. A. degrees were acquired at the University of Toledo by Mrs. Carpenter. Mrs. Carpenter presently is a Senior English teacher.



Several new ideas have been instigated by David Ullum. His speech classes traveled to Bowling Green State University to view the plays presented by the university drama club. The first semester class taped a Christmas program which was broadcast over the P. A. system. His other duties include teaching Sophomore English and coaching the track team.



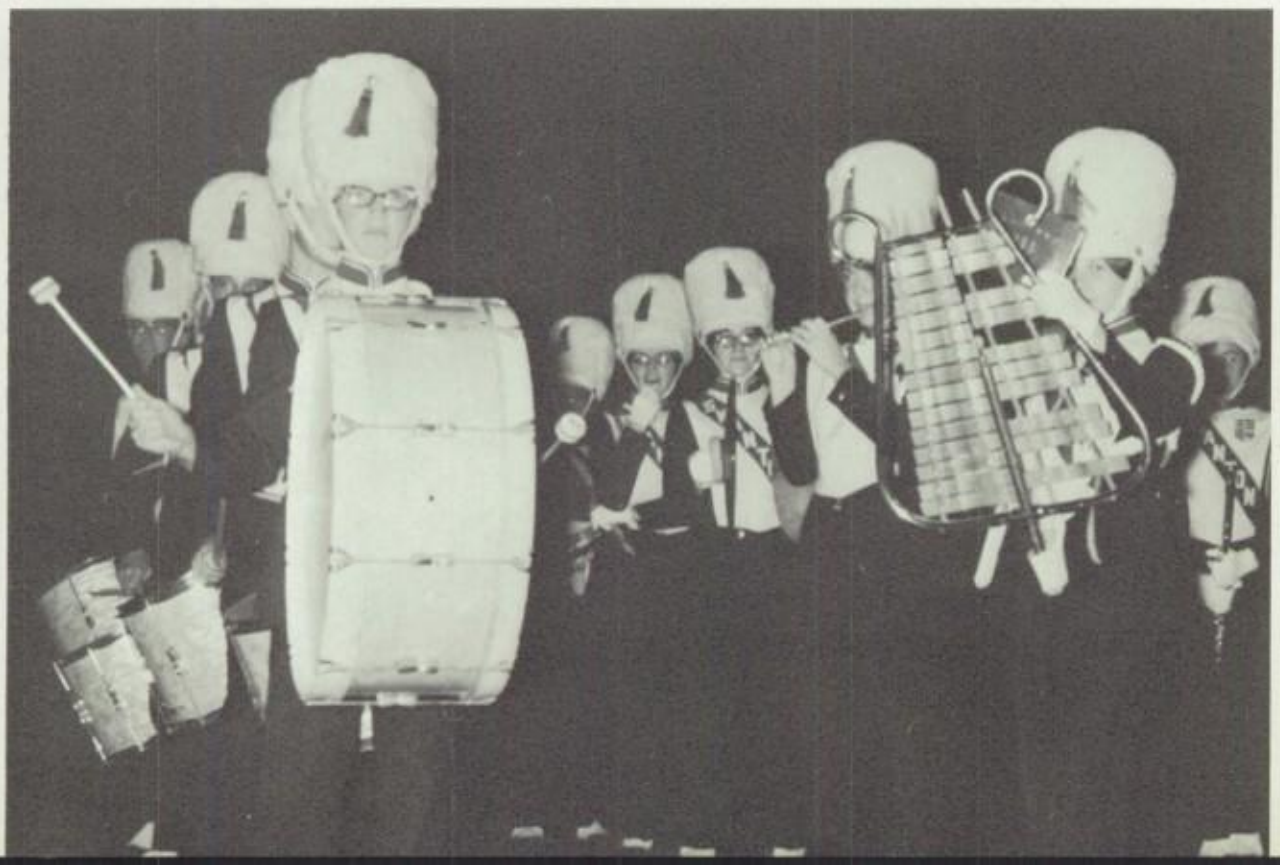
ART

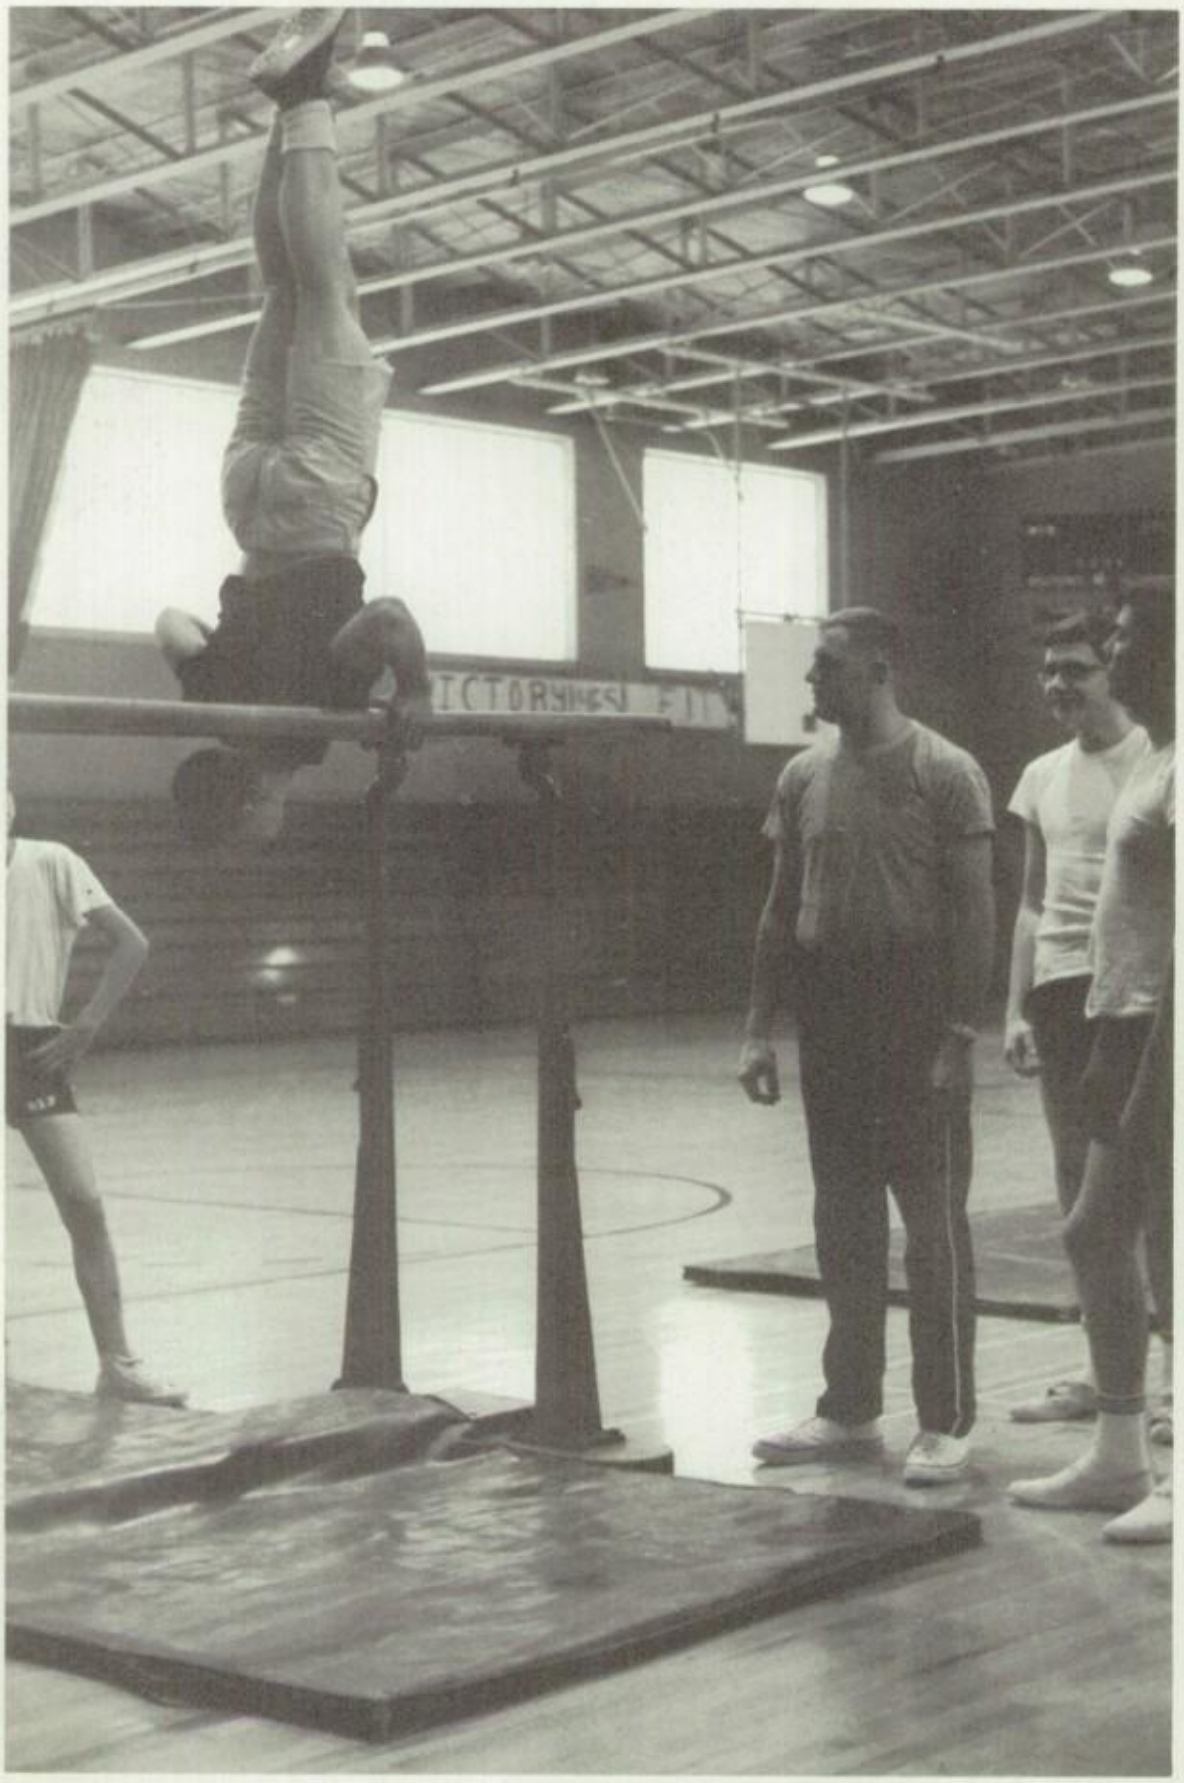
Miss Lucille Smith, a graduate of the University of Toledo, instructs her art classes in sculpturing, sketching, and painting. During the year the art classes took a field trip to the Toledo Art Museum for further developing the appreciation of art. A mid-winter show presented the most outstanding works done by each student.

MUSIC

The 1966-1967 Swanton High School Band, directed by Mr. Frank North, performed among other things half time entertainment at the football games and midwinter and spring concerts. A fish fry and Band Day at Sohio helped to defray the costs of their new uniforms. The biggest project of the year was a recording of the Senior and Junior Bands, and the Dance Band.

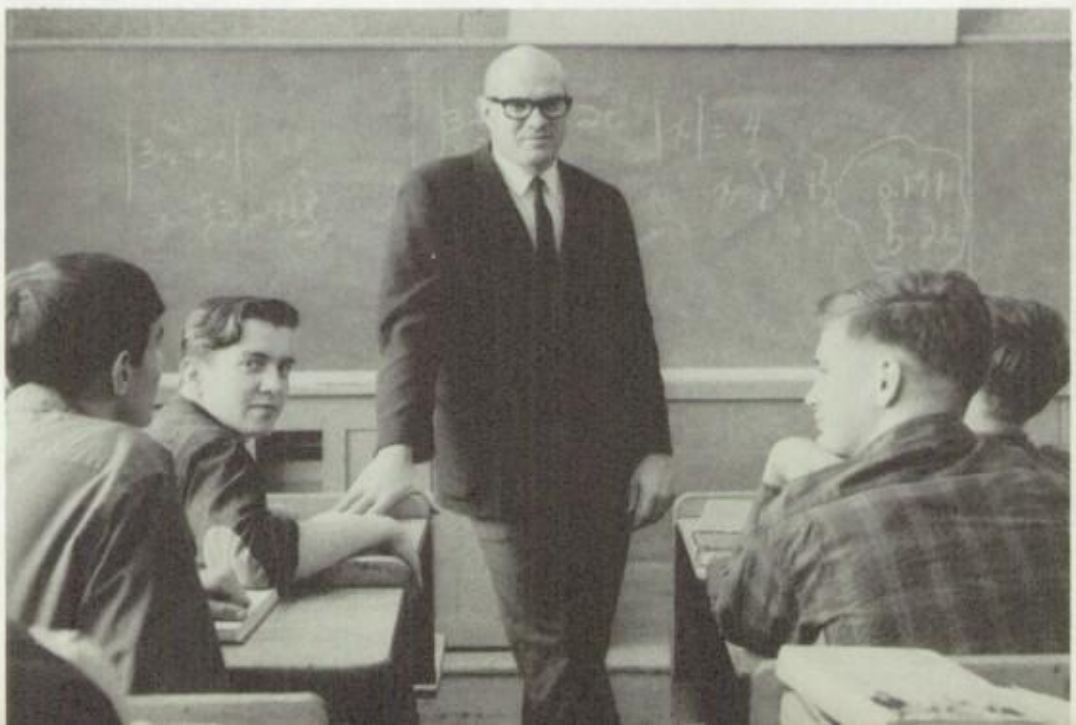
The other classes instructed by Mr. North are: Music Appreciation, Harmony and Theory, Mixed Chorus, and Junior Band.





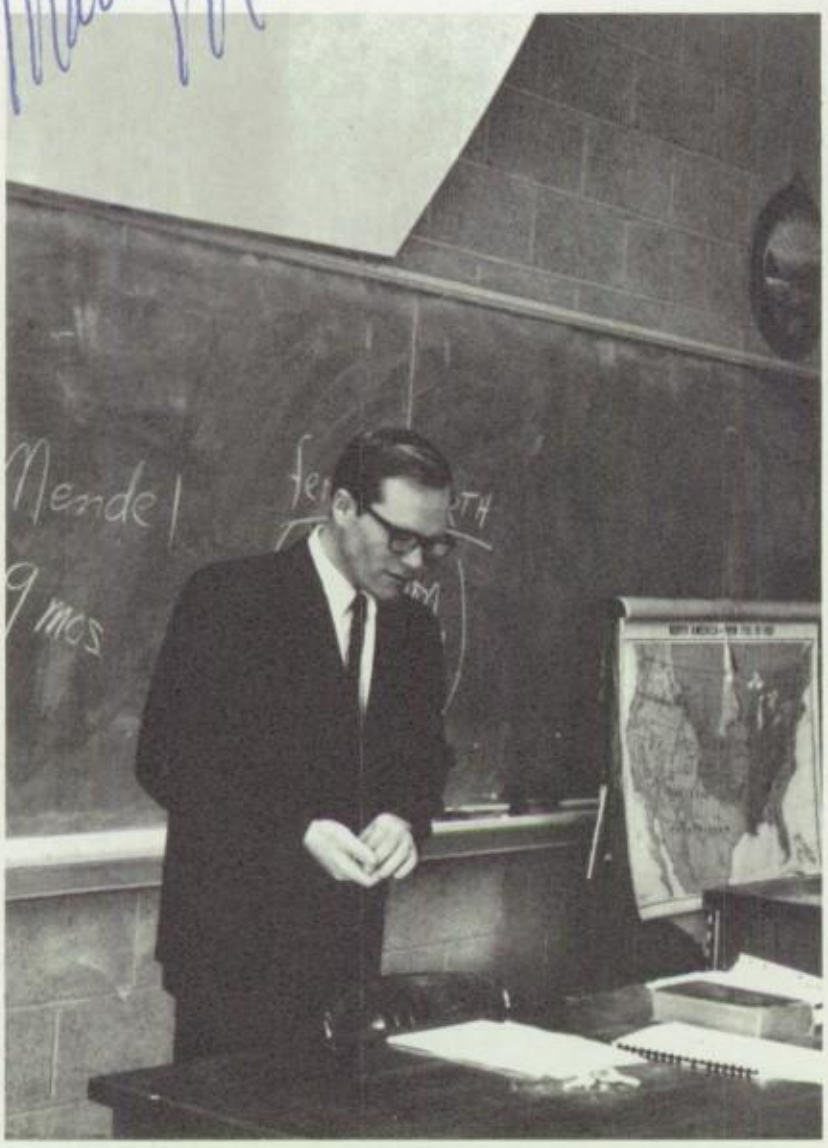
HEALTH and PHYSICAL EDUCATION

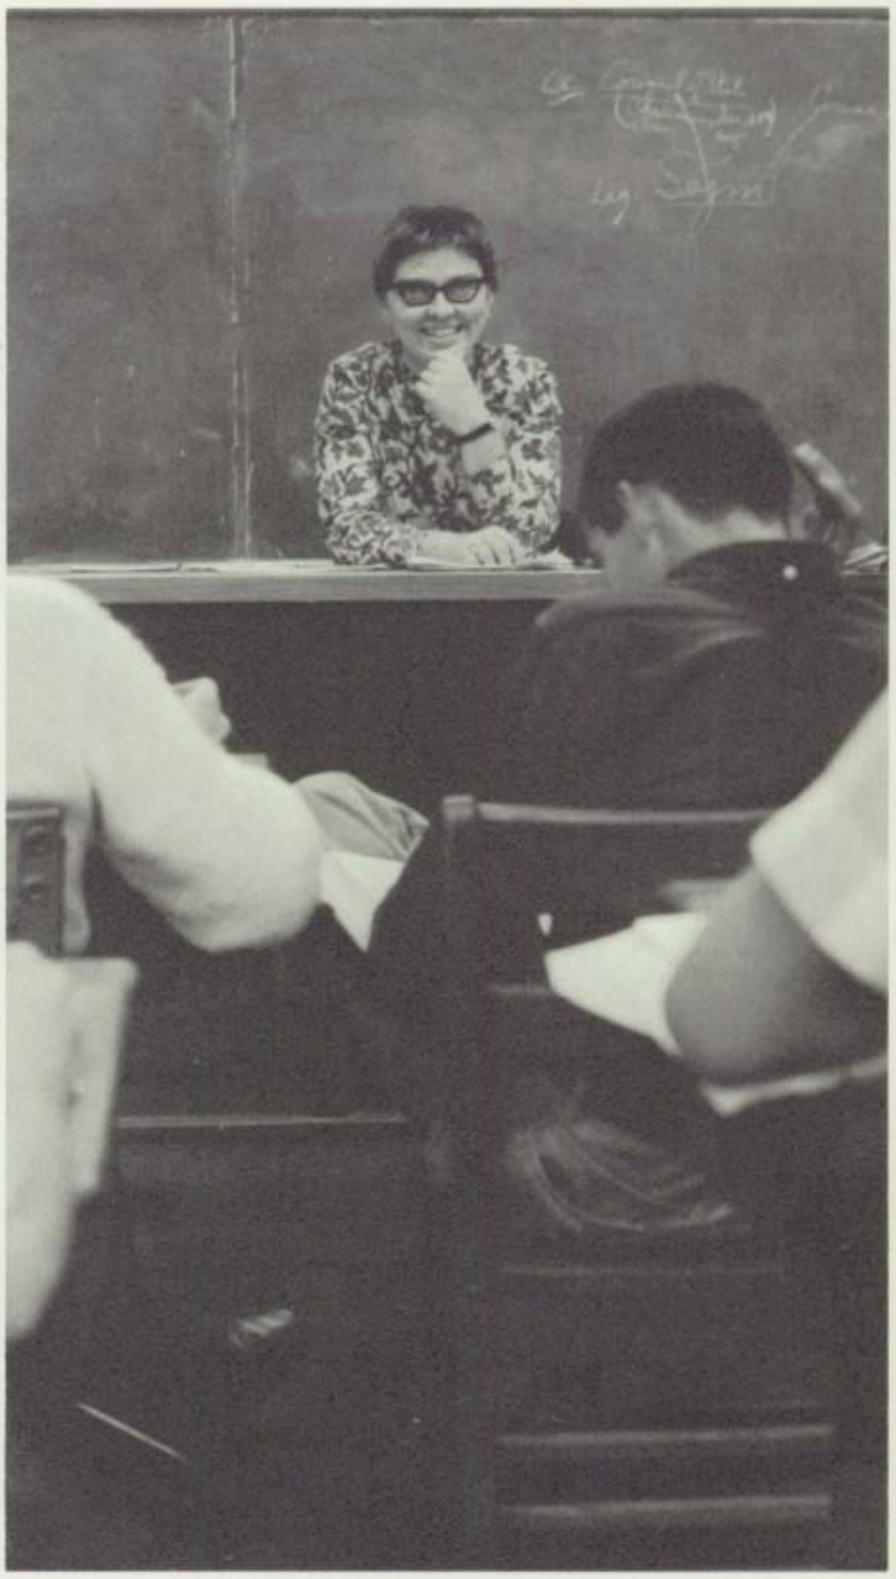
Mrs. Betty Bierbaum



Health and Physical Education are both required courses in Swanton High School. Health, taught in the freshman year, is designed to inform the student of the basic functions and needs of the human body. Physical education classes develop the body and try to instill sportsmanship and fair play in all the students.

SOCIAL STUDIES



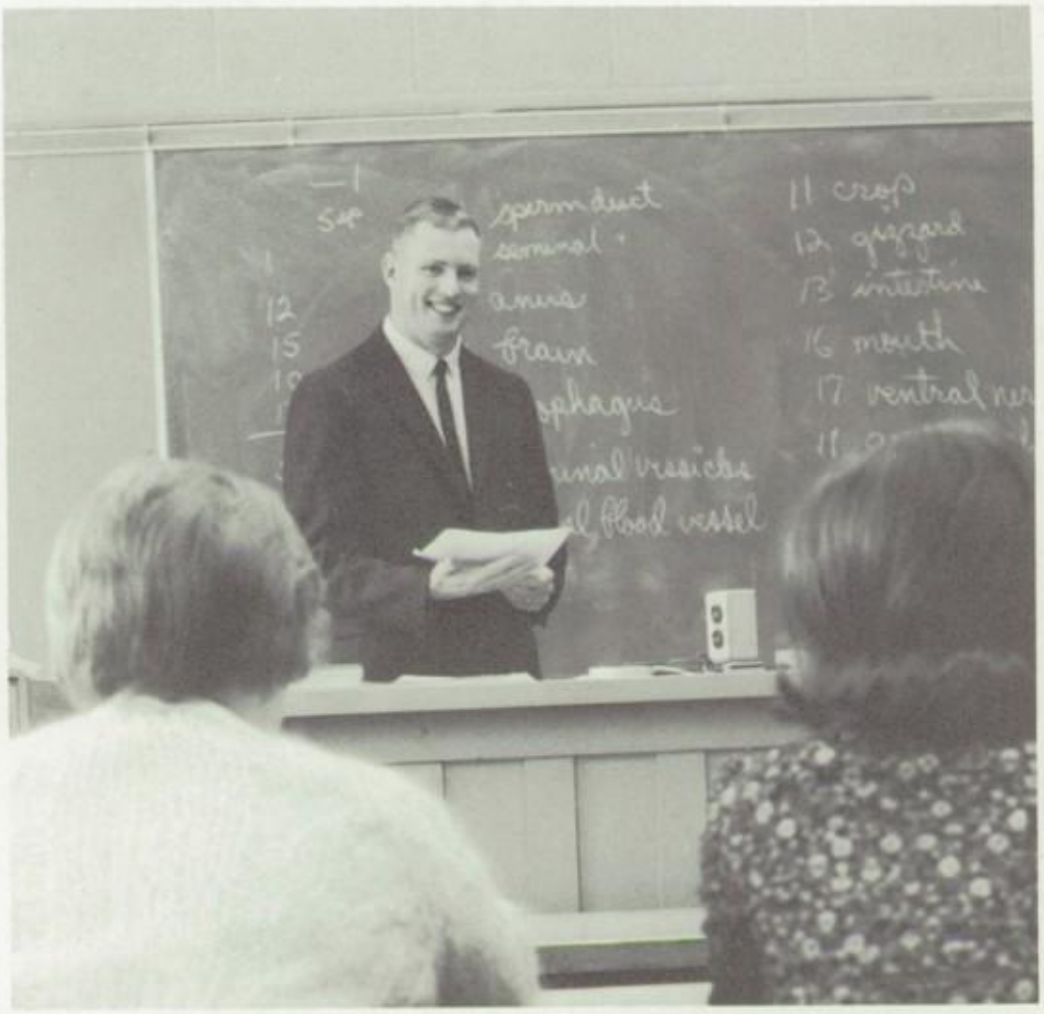


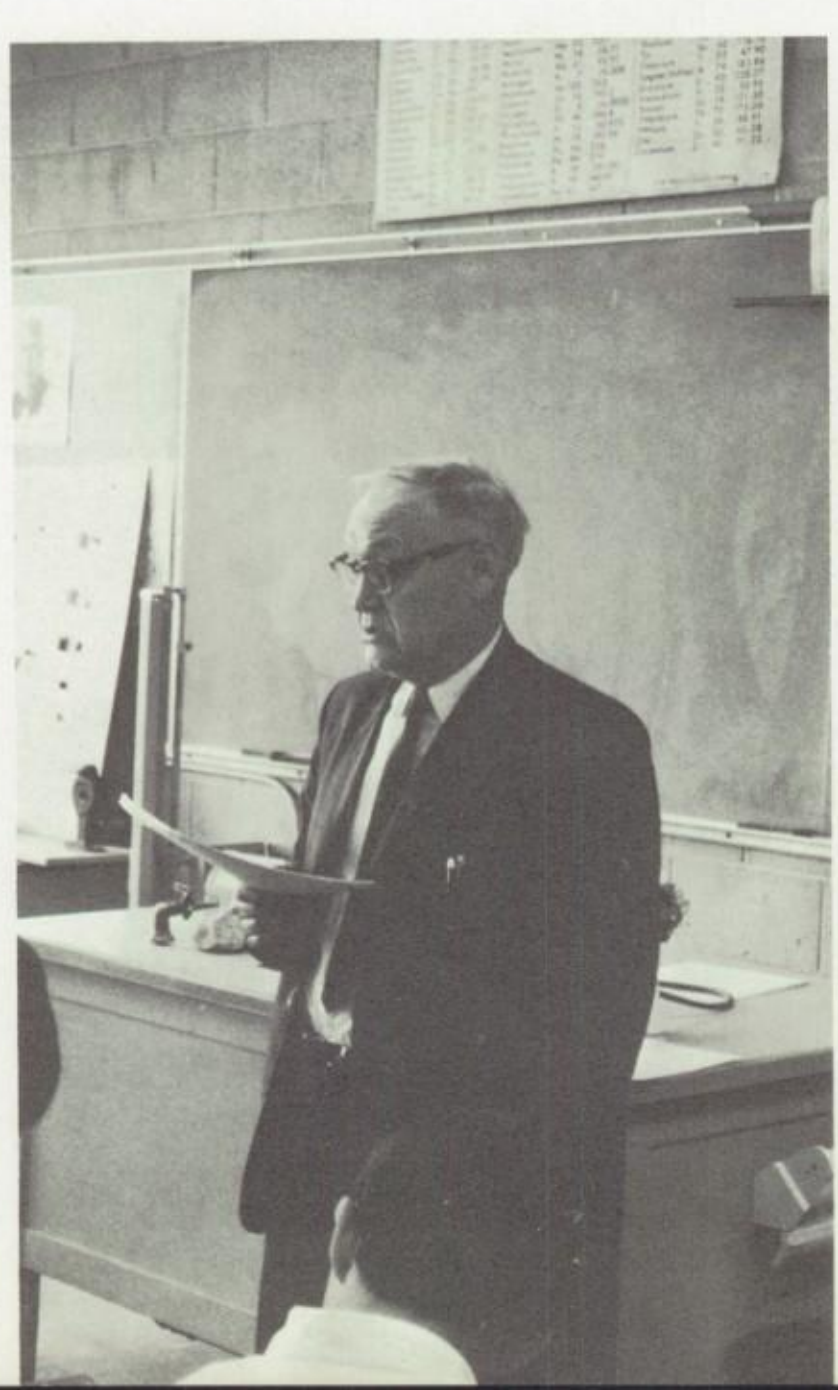
Stan Lammon concentrated on world history, government, and economics in his classes. The geography of the world was taught by Sona Eppenstein. The struggles of our founding fathers, the Civil War, and the World Wars were included in the subject of American History, taught by Mark McQuillin.

SCIENCE

William G. Daniels

The field of science can be taught to you for the entire four years of high school if you wish to take it. Our courses consist of: general science, biology, chemistry, and physics. Mr. Daniels is our science instructor for chemistry, general science, and physics. Biology classes are taught by Mr. Masteller and Mr. McQuillin also has a general science class.

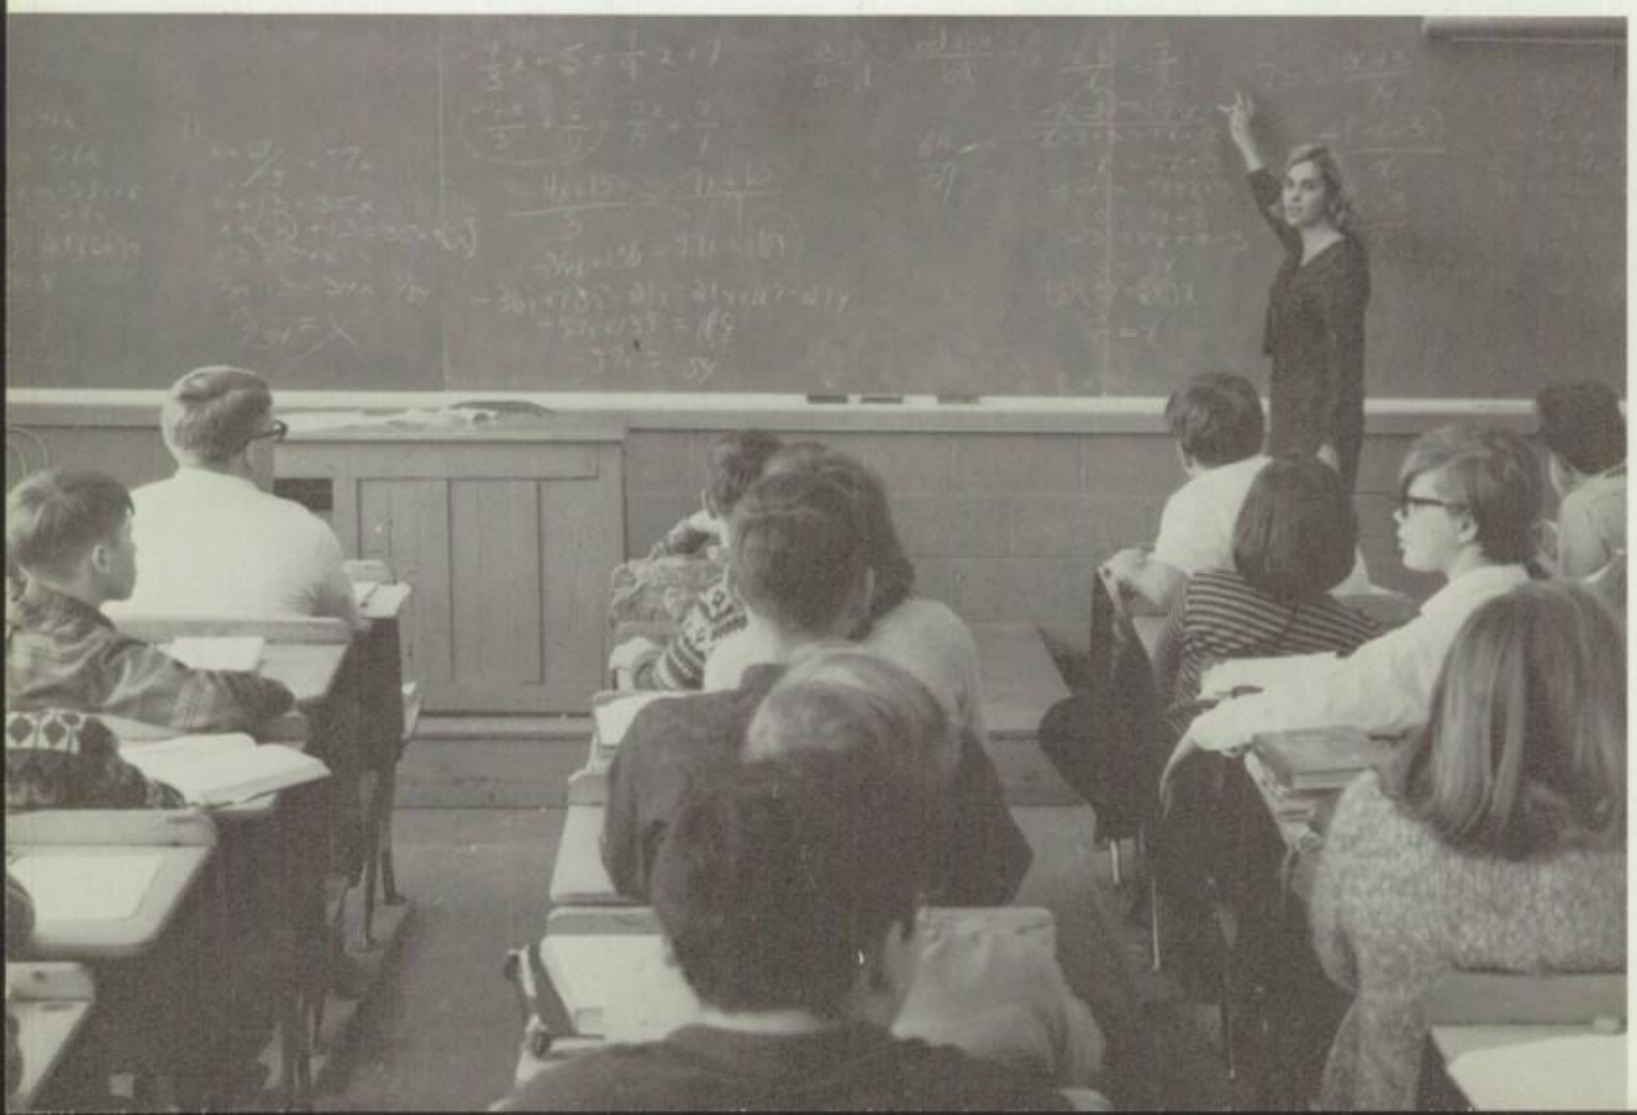




MATH

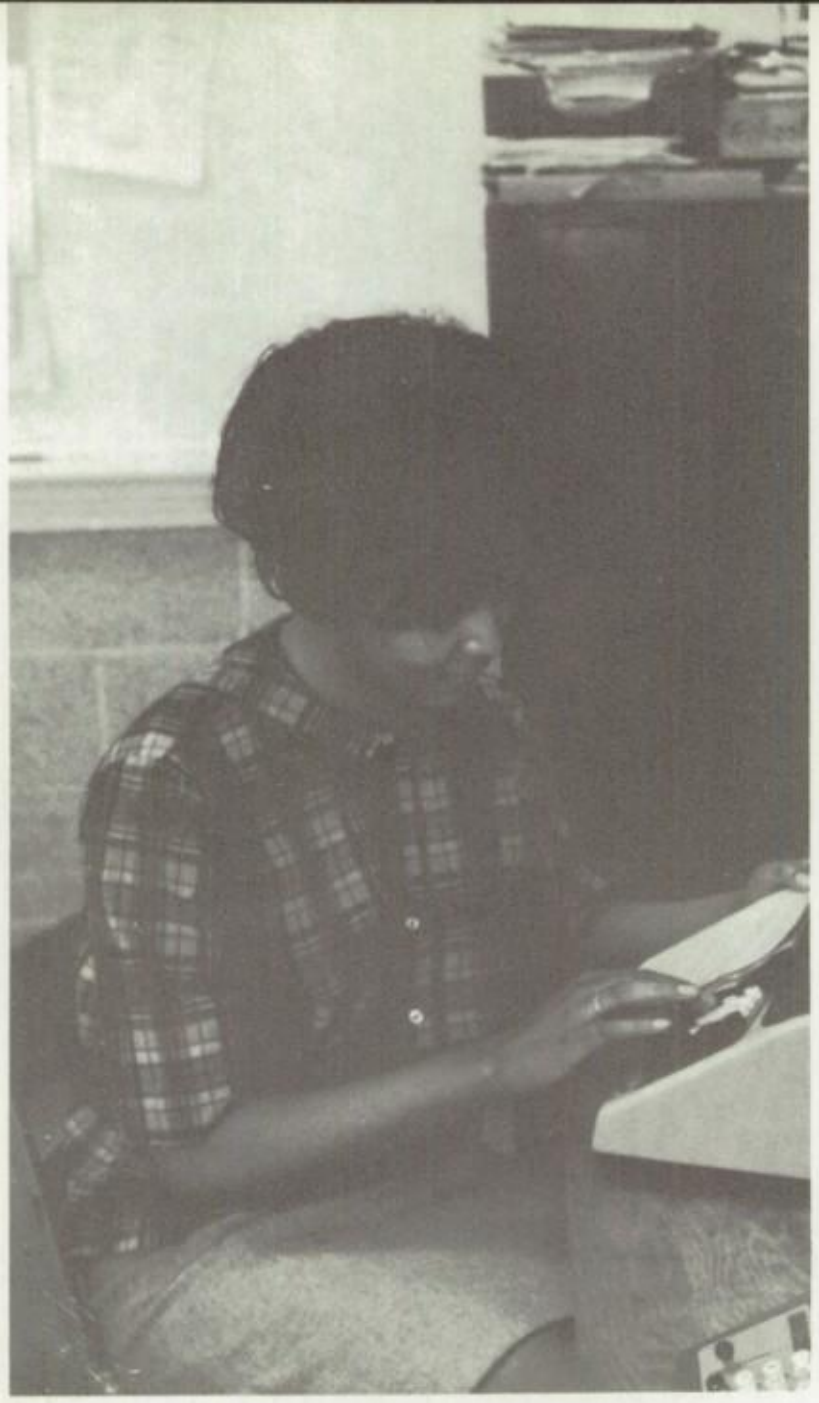
Algebra II, which included the basic trigometric functions; solid geometry, which provides further investigation into the three dimensions; and trigometry, which deals with the study of triangles are the courses which comprise the college prep math taught by Mr. Delbert Brandt.

Below basic algebraic concepts are being taught to students in an algebra I class by Mrs. Sharon Stewart. Psychology and sociology are also instructed by Mrs. Stewart.



HOME ECONOMICS

A graduate of Bowling Green State University, Mrs. Kathryn Jeska instructs her classes in the fundamentals of homemaking. This includes meal planning, child care, and sewing. A home economics I course was introduced this year. It was for senior girls who had not had the opportunity to take home ec. I in their freshman year.

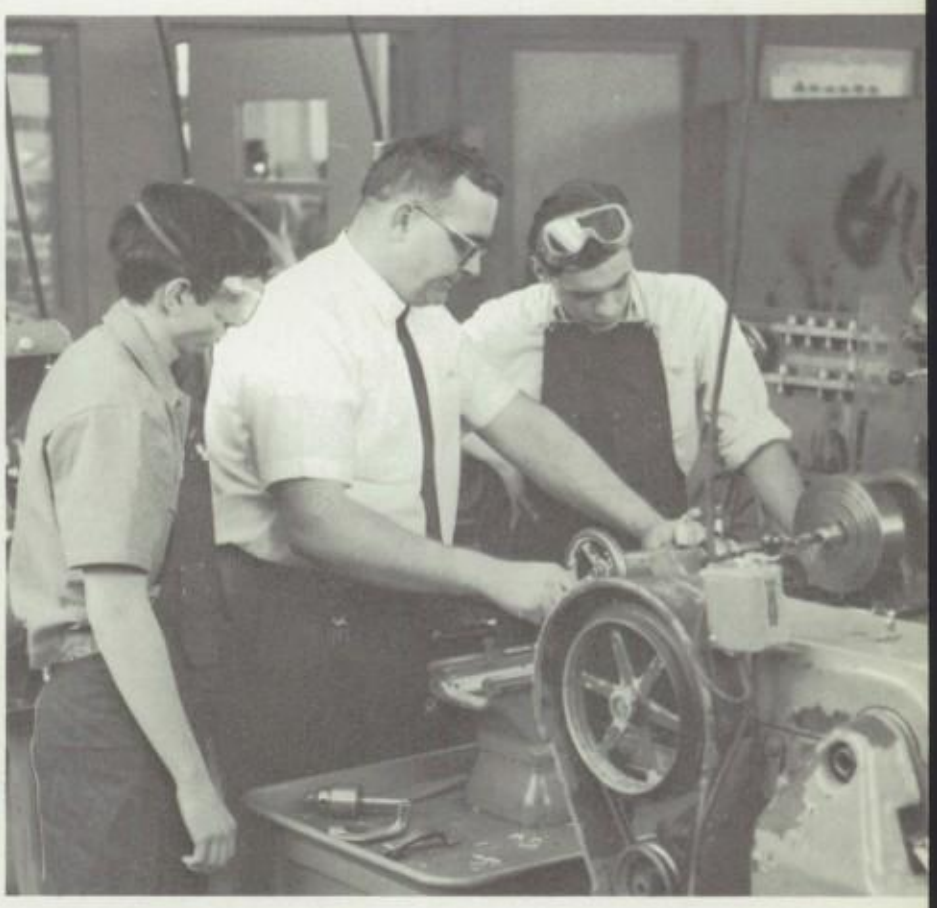


BUSINESS

The Business Department, under the supervision of Mrs. Leona Sloan, gives a student a chance to view what a future might include in business. Accounting, General Business, and Typing are all contained in this area. This year a personal typing course was added to the curriculum. This course gives students with a full schedule a chance to learn the basics of typing. General Business briefly introduces essential facts that any person entering the business world needs to know. Students taking Accounting learn to keep accurate financial records.

Mrs. Leona F. Sloan

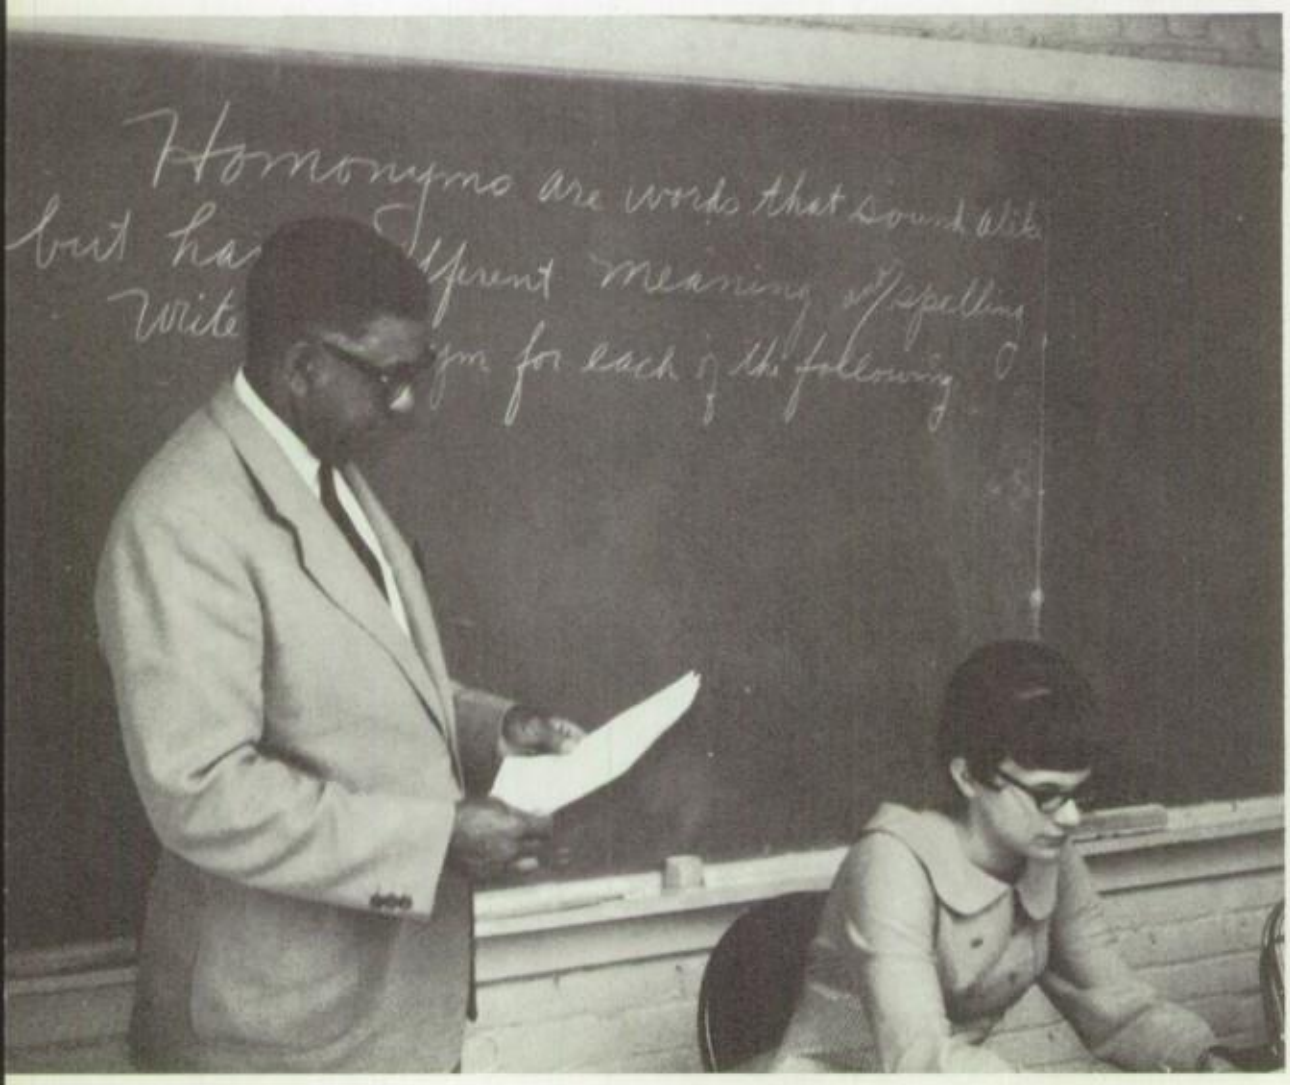
INDUSTRIAL ARTS



Swanton High's Industrial Arts Department includes a wood shop, mechanical drawing, drafting, a metal shop, electricity, and advanced drawing. Mr. Ruggles teaches wood shop, drafting and mechanical drawing. He received his degree from Iowa State. Mr. James Brennan received his college training from Bowling Green State University and instructs classes in metal shop, electricity, and advanced drawing.

SPECIAL EDUCATION

Occupational education is taught by Mr. Cecil Butler. This class sponsored a soc hop during the middle of the year. The second semester they operated a shoe shine stand for the benefit of the high school.



OCCUPATIONAL WORK EXPERIENCE

Mr. Julian McKitrick has been responsible for the Occupational Work Experience division of our school's program. These students attend school for a half day, then are able to work on the job for the remainder of the day. For the first time this year the class took a trip to Washington D. C.

Mr. McKitrick received his college training from Defiance College.

Our football team was good—and everyone knew it. In the opening game of the season, Swanton defeated Liberty Center in a 28-26 cliff hanger. This pattern established the whole season. The Bulldogs, led by the strong senior contingent often completely steamrolled opponents as in the Ottawa Hills, Montpelier, Greensprings, and Delta games. The only loss suffered was at the hands of the undefeated Napoleon Wildcats. Two points made the difference.

Yet at the seasons end only smiles could be found at SHS, as Bob Stinson and Tom Snyder secured positions on the All-League Varsity.

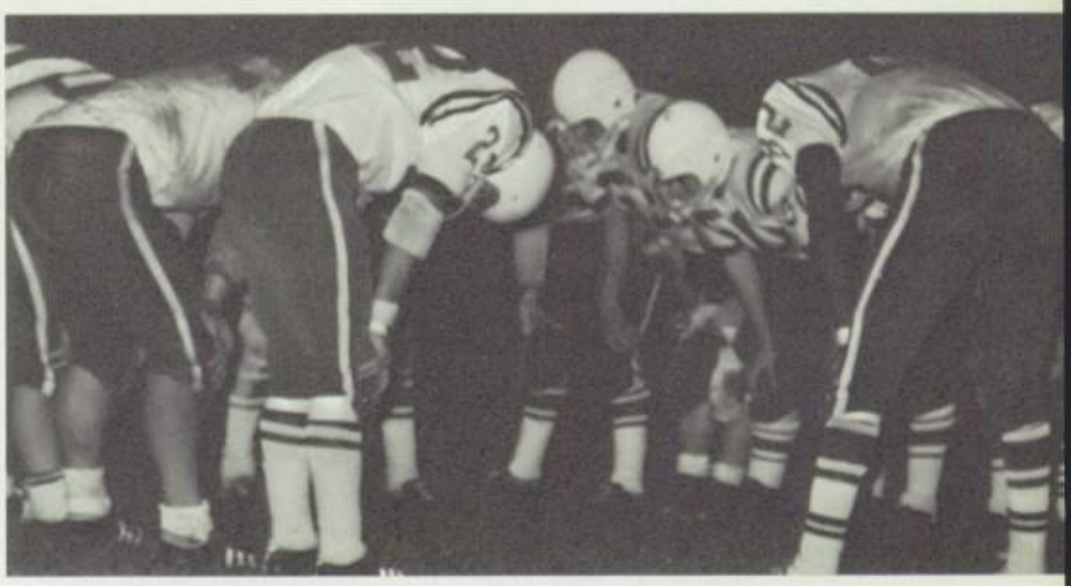
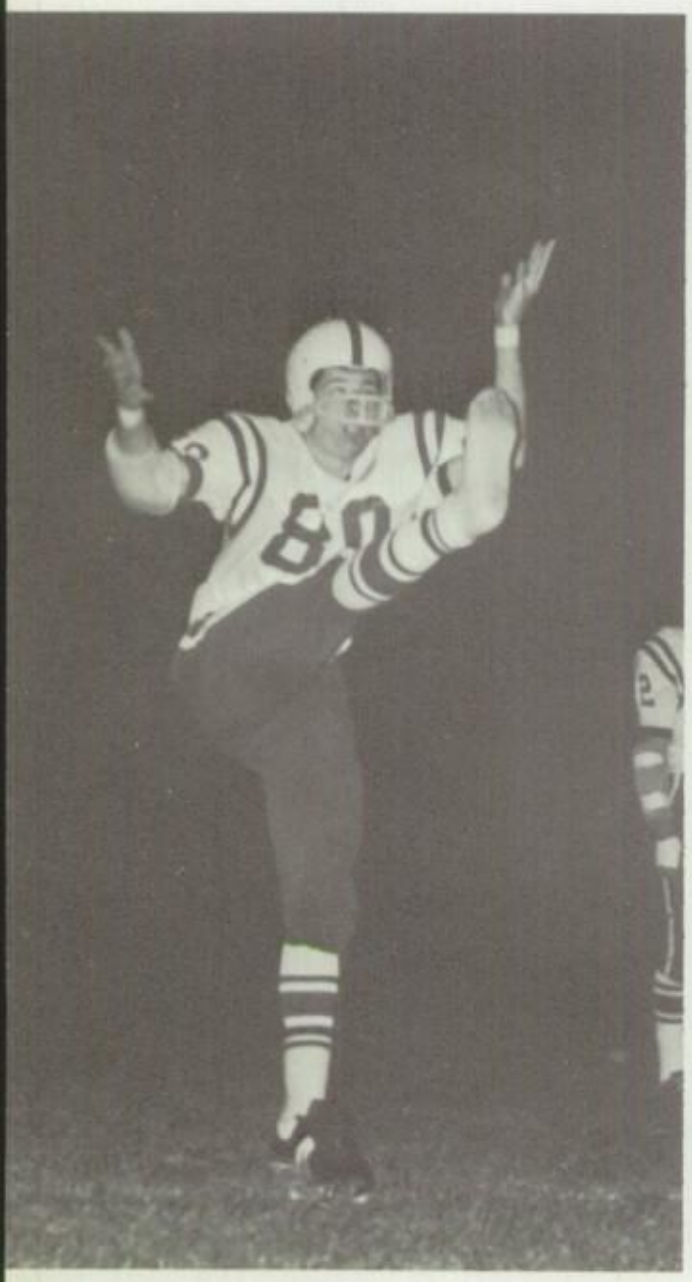
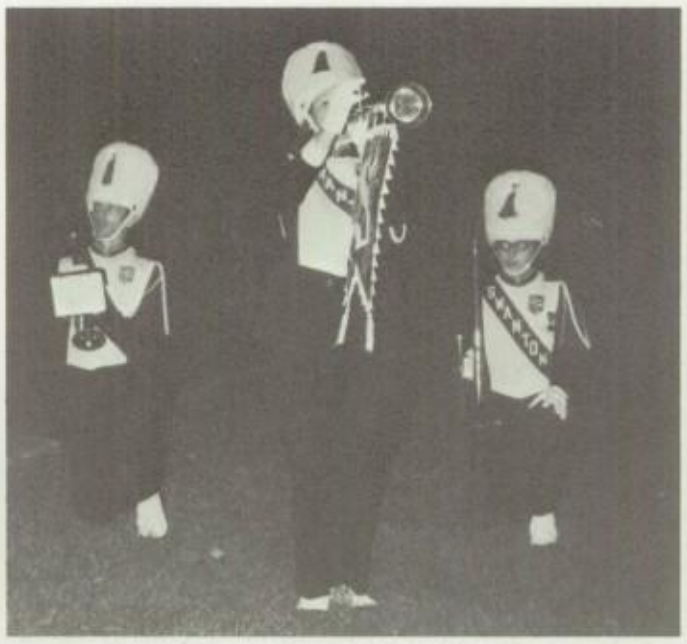
HOMECOMING

Standing is senior attendant, Marilyn Hoffman.

The 1966 Homecoming Queen, Teresa Flynn, and her court were presented to the public during a pre-game ceremony. Following the presentation, Teri was crowned by co-captains of the football team, Tom Snyder and Bob Stinson.







Victory was the prevailing thought among the homecomers which packed Swanton's home stands. The Bulldogs did not disappoint them as they fought their way to a 38-0 score over the Bobcats from Green Springs. This score was made possible by the touchdowns of Bob Stinson, Pat McClure, and Tom Snyder. Possibly this game showed, more than any other, what the Bulldog defense could do.

A fanfare of trumpets broke the lull that awaited the half time show. The bank played Spanish numbers and formed an arena. In the center of the arena Alvin Cavanaugh fought Toro, the bull. The "excitement" and "gore" of the bullfight was watched with enthusiasm by the homecoming crowd.

"Golden Autumn" was the theme of the Homecoming dance. The couples danced in a brown and gold atmosphere to the music of the Metrotones. Queen Teri Flynn and her attendants reigned over the Student Council sponsored event.

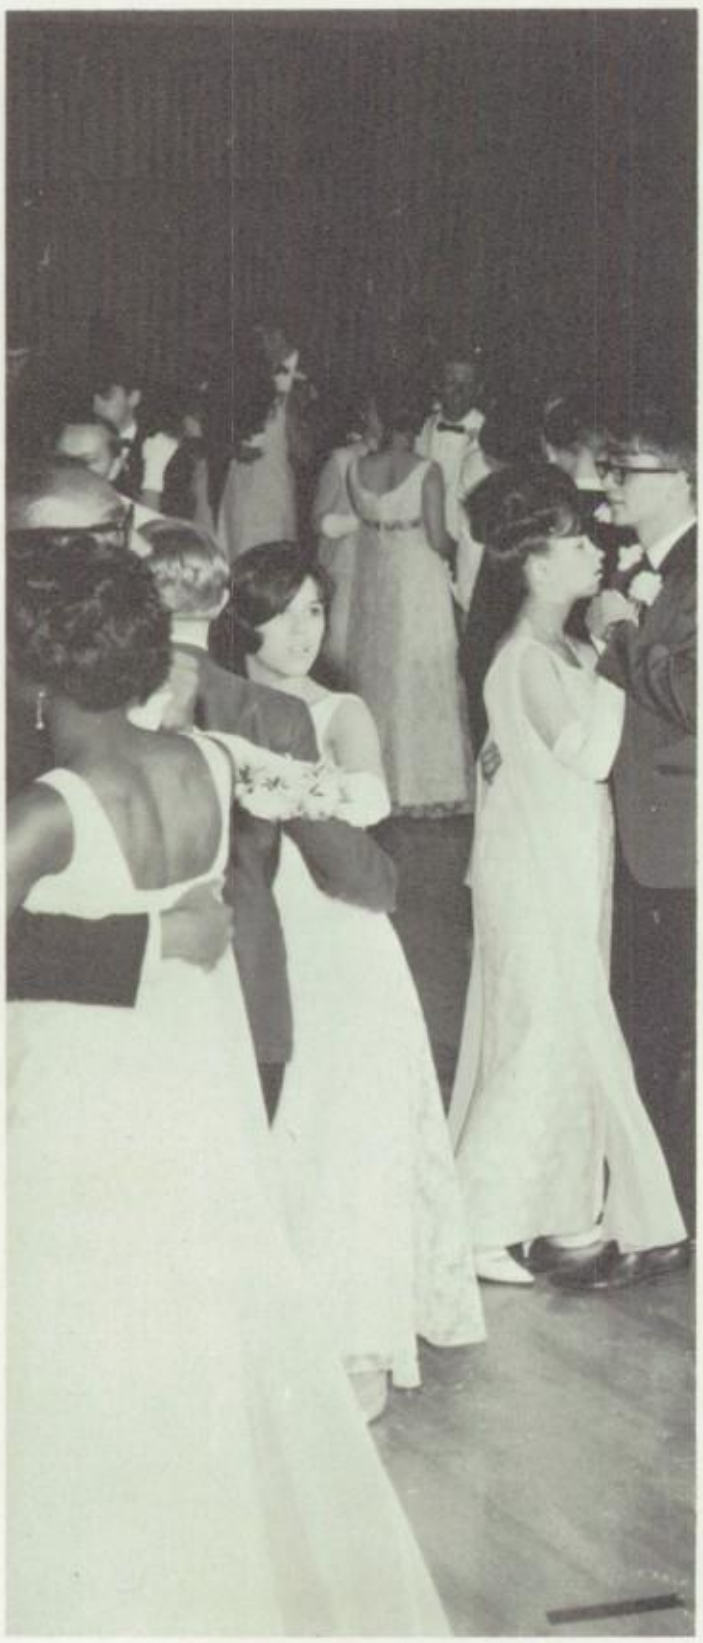
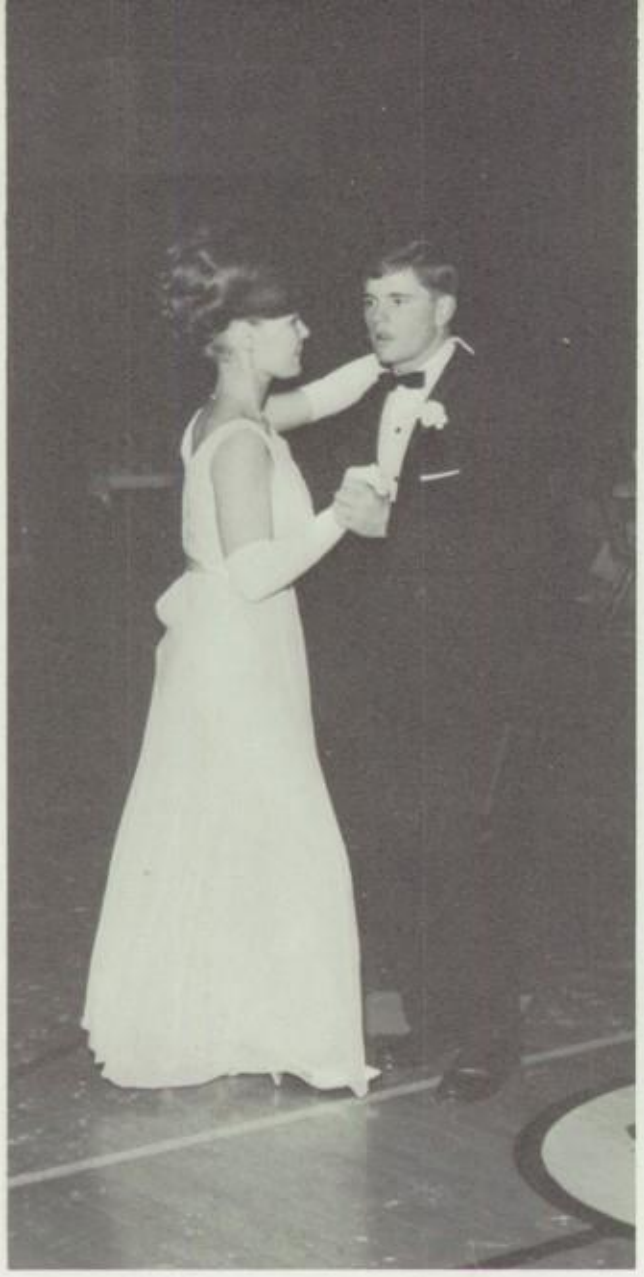
THE ENCHANTED FOREST





April 29, 1967 found our gym decorated like an Enchanted Forest in Ireland. Entering through a cave, we discovered many leprechauns scurrying about the forest. A hugh and colorful rock garden accented by a lighted waterfall was on the other side of the room. Lots of food (curran, cuis perlierr, meuraich, dearas, and taiddh) could be found for everyone on a split log sheltered by a hugh tree, it's trunk rooted beside the famous Blarney Stone.

Paul Ehret's Orchestra, The Undertakers, and Ken and Rick provided the entertainment before and after the Jr.-Sr. Prom Coronation. Doug Schmitz and Bob Stinson accompanied Joy Baus and Teri Flynn in attending the King and Queen. They were Larry Griggs and Becci Bowman, who danced to the theme song Embraceable You several times during the evening.

SPRING CONCERT

Mr. Frank North presented four divisions of his music department on the evening of May 4th. The Mixed Chorus began the program by singing "The Lord's Prayer" and also sang "This Is My Country." "Modal Miniatures" was played by the Junior Band, who also impressed the audience with "Habanaera." Mr. North's Stage Band first played "A Taste of Honey" but they received the most applause for "Ain't Misbehavin'."

After a short intermission, the Senior Band, in concert uniform, began the last section of the program. This included: "Fantasia for Band," "Antiphony for Winds," "Overture from Brigadoon," and "Shepherd's Hey." Mr. North led the band to an outstanding 1967 Spring Concert.

ADMINISTRATION

Mr. Byra G. Runnels came to Swanton as principal of the high school in 1943. In 1951 upon the retirement of L. A. Walker, he was named superintendent and has guided the Swanton Schools through remarkable changes.

Our student population increase has required several building programs which Mr. Runnels has directed. In 1952, the new high school was completed; in 1956, the new gymnasium; 1958, the music area and cafeteria addition; and 1962, Park Elementary School.

A most outstanding characteristic besides being a fine teacher and coach, is his willingness to sacrifice his time, energy, and abilities for our school.

Mr. Runnels and his wife Mary, will take up residence on the island of Sanibel in the Gulf of Mexico, a few miles from the western coast of Florida.

He leaves with us the attributes which he himself engenders: an insistence upon the highest standards of performance, a high regard for justice and charity, and the patience which makes all goals attainable.

With deep respect and gratitude, we dedicate this annual to Mr. Runnels and extend our best wishes to him and his wife.
